Directions from Lanjaron to El Alquimista Eco lodge

Just before leaving Lanjaron direction Orgiva you will notice a Repsol Petrol Station on your left hand side. 600m past the station there is a left hand turn. Turn left up the steep concrete track, you keep on following up, after the little bridge turn left and keep on following up.

At first you follow the signs to Caballo Blanco. The last sign points left towards a horse farm, here you keep on following up until you see the sign El Alquimista. At the second sign you take a sharp left, on the end of this road you will find our house. Good luck.

Please contact us if you have any trouble finding.
